| Brand                          | EVOLVEO                                                                                                                                      |
| Responsibility                 | This declaration of conformity is issued under the sole responsibility of the manufacturer / responsible economic operator identified above. |

## 2. Subject of the declaration

|                               |                                                                                                                                                                                                                                       |
|-------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Subject of the declaration    | Packaging composition of product EVOLVEO Salvarix, wireless door/gate detector, identified by internal number PKG-SEA-ACS-MST3-284, covering the sales packaging of one product unit and the transport carton for 100 pcs of product. |
| Product code                  | SEA ACS MST3                                                                                                                                                                                                                          |
| PartNo.                       | ACS MST3                                                                                                                                                                                                                              |
| EAN                           | 8594161339953                                                                                                                                                                                                                         |
| Name CZ                       | EVOLVEO Salvarix, bezdrátový detektor otevření dveří/vrat/bran                                                                                                                                                                        |
| Name EN                       | EVOLVEO Salvarix, wireless door/gate detector                                                                                                                                                                                         |
| Packaging composition version | PKG-SEA-ACS-MST3-284                                                                                                                                                                                                                  |

## 3. Identification and description of the packaging

| Packaging level     | Packaging type        | Number of pcs | Dimensions cm      | Volume cm <sup>3</sup> | Gross kg | Packaging mass |
|---------------------|-----------------------|---------------|--------------------|------------------------|----------|----------------|
| Sales packaging     | Jednotka včetně obalu | 1             | 7,8 × 13,0 × 5,0   | 507,0                  | 0,212    | 95 g           |
| Transport packaging | Kartón včetně obalu   | 100           | 33,0 × 39,0 × 54,0 | 69 498,0               | 14,500   | 1600 g         |

• Brief description: the sales unit contains paper/cardboard and plastic packaging elements; the transport carton is used for group packaging of 100 pcs of product.

## 4. Material composition of the packaging

| Level               | Material / component | Mass   |
|---------------------|----------------------|--------|
| Sales packaging     | Papír                | 95 g   |
| Transport packaging | Vlnitá lepenka       | 1600 g |

## 5. Summary of materials per one sales unit

| Material                         | Mass per 1 pc | Share   |
|----------------------------------|---------------|---------|
| Papír                            | 95,0 g        | 85,6 %  |
| Vlnitá lepenka                   | 16,0 g        | 14,4 %  |
| Total incl. proportional part of | 111,0 g       | 100,0 % |

|                   |               |         |
|-------------------|---------------|---------|
| transport carton  |               |         |
| Material group    | Mass per 1 pc | Share   |
| Paper / cardboard | 111,0 g       | 100,0 % |
| Total             | 111,0 g       | 100,0 % |

- The transport carton is proportionally allocated to 100 pcs of product: 16,0 g/pc.

## 6. Purpose of use of the packaging

- protection of the product during transport, storage and handling
- safe delivery of the product to the end user
- identification, labelling and presentation of the product
- grouping of multiple product units in the transport carton

## 7. Declaration of conformity

- The packaging composition identified above complies with the applicable requirements of Regulation (EU) 2025/40 on packaging and packaging waste.
- The packaging has been assessed using the internal production control procedure according to Annex VII of Regulation (EU) 2025/40.
- The technical documentation contains a general description of the packaging, material composition, mass calculations, recyclability assessment, minimisation assessment and available supplier documentation.
- Supplier material declarations, test reports and other supporting documents are a non-public part of the manufacturer's technical documentation and will be provided to competent market surveillance authorities upon justified request.

## 8. Applied legislation, standards and technical specifications

| Document type                     | Designation / description                                                                              |
|-----------------------------------|--------------------------------------------------------------------------------------------------------|
| Legal act                         | Regulation (EU) 2025/40 of the European Parliament and of the Council on packaging and packaging waste |
| Internal technical specification  | PKG-SPEC-SEA-ACS-MST3-284 – interní specifikace obalové skladby                                        |
| Mass calculation                  | PKG-MASS-SEA-ACS-MST3-284 – výpočet hmotnosti obalů                                                    |
| Packaging minimisation assessment | PKG-MIN-SEA-ACS-MST3-284 – posouzení minimalizace obalu                                                |
| Recyclability assessment          | PKG-REC-SEA-ACS-MST3-284 – posouzení recyklovatelnosti                                                 |
| Supplier documentation            | SUP-MAT-DECL – supplier material declarations, non-public annex to the technical documentation         |

## 9. Notified body

- No notified body was used. The conformity assessment was performed using the internal production control procedure according to Annex VII of Regulation (EU) 2025/40.

## 10. Technical documentation and retention of supporting documents

- The technical documentation for the packaging has been prepared and is retained by the manufacturer.
- The technical documentation contains non-public supporting documents from suppliers of packaging materials, material specifications, test reports where applicable and internal conformity assessments.
- The documentation will be retained for the period required by legal regulations and will be presented to competent market surveillance authorities upon justified request.

## 11. Signature
