| EKO-KOM registration number    | EK-F00080402                                                                                                                                 |
| Brand                          | EVOLVEO                                                                                                                                      |
| Responsibility                 | This declaration of conformity is issued under the sole responsibility of the manufacturer / responsible economic operator identified above. |

## 2. Subject of the declaration

|                               |                                                                                                                                                                                                                                                       |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Subject of the declaration    | Packaging composition of product EVOLVEO Amp 1, antenna amplifier FM/DAB+/DVB-T2, filter LTE,4G,5G, identified by internal number PKG-TDE-AMP-1-455, covering the sales packaging of one product unit and the transport carton for 40 pcs of product. |
| Product code                  | TDE AMP 1                                                                                                                                                                                                                                             |
| PartNo.                       | tdeamp1                                                                                                                                                                                                                                               |
| EAN                           | 8594161339403                                                                                                                                                                                                                                         |
| Name CZ                       | EVOLVEO Amp 1, anténní zesilovač FM/DAB+/DVB-T2, filtr LTE,4G,5G                                                                                                                                                                                      |
| Name EN                       | EVOLVEO Amp 1, antenna amplifier FM/DAB+/DVB-T2, filter LTE,4G,5G                                                                                                                                                                                     |
| Packaging composition version | PKG-TDE-AMP-1-455                                                                                                                                                                                                                                     |

## 3. Identification and description of the packaging

| Packaging level     | Packaging type        | Number of pcs | Dimensions cm      | Volume cm <sup>3</sup> | Gross kg | Packaging mass |
|---------------------|-----------------------|---------------|--------------------|------------------------|----------|----------------|
| Sales packaging     | Jednotka včetně obalu | 1             | 13,0 × 10,5 × 5,0  | 682,5                  | 0,180    | 58 g           |
| Transport packaging | Kartón včetně obalu   | 40            | 54,0 × 27,5 × 23,0 | 34 155,0               | 7,680    | 480 g          |

• Brief description: the sales unit contains paper/cardboard and plastic packaging elements; the transport carton is used for group packaging of 40 pcs of product.

## 4. Material composition of the packaging

| Level               | Material / component | Mass  |
|---------------------|----------------------|-------|
| Sales packaging     | Papír                | 52 g  |
| Sales packaging     | MP - PE              | 6 g   |
| Transport packaging | Vlnitá lepenka       | 480 g |

## 5. Summary of materials per one sales unit

| Material | Mass per 1 pc | Share  |
|----------|---------------|--------|
| Papír    | 52,0 g        | 74,3 % |

|                                                   |               |         |
|---------------------------------------------------|---------------|---------|
| MP - PE                                           | 6,0 g         | 8,6 %   |
| Vlnitá lepenka                                    | 12,0 g        | 17,1 %  |
| Total incl. proportional part of transport carton | 70,0 g        | 100,0 % |
| Material group                                    | Mass per 1 pc | Share   |
| Paper / cardboard                                 | 64,0 g        | 91,4 %  |
| Plastic                                           | 6,0 g         | 8,6 %   |
| Total                                             | 70,0 g        | 100,0 % |

• The transport carton is proportionally allocated to 40 pcs of product: 12,0 g/pc.

## 6. Purpose of use of the packaging

- protection of the product during transport, storage and handling
- safe delivery of the product to the end user
- identification, labelling and presentation of the product
- grouping of multiple product units in the transport carton

## 7. Declaration of conformity

- The packaging composition identified above complies with the applicable requirements of Regulation (EU) 2025/40 on packaging and packaging waste.
- The packaging has been assessed using the internal production control procedure according to Annex VII of Regulation (EU) 2025/40.
- The technical documentation contains a general description of the packaging, material composition, mass calculations, recyclability assessment, minimisation assessment and available supplier documentation.
- Supplier material declarations, test reports and other supporting documents are a non-public part of the manufacturer's technical documentation and will be provided to competent market surveillance authorities upon justified request.

## 8. Applied legislation, standards and technical specifications

| Document type                     | Designation / description                                                                              |
|-----------------------------------|--------------------------------------------------------------------------------------------------------|
| Legal act                         | Regulation (EU) 2025/40 of the European Parliament and of the Council on packaging and packaging waste |
| Internal technical specification  | PKG-SPEC-TDE-AMP-1-455 – interní specifikace obalové skladby                                           |
| Mass calculation                  | PKG-MASS-TDE-AMP-1-455 – výpočet hmotnosti obalů                                                       |
| Packaging minimisation assessment | PKG-MIN-TDE-AMP-1-455 – posouzení minimalizace obalu                                                   |
| Recyclability assessment          | PKG-REC-TDE-AMP-1-455 – posouzení recyklovatelnosti                                                    |
| Supplier documentation            | SUP-MAT-DECL – supplier material declarations, non-public annex to the technical documentation         |

## 9. Notified body

- No notified body was used. The conformity assessment was performed using the internal production control procedure according to Annex VII of Regulation (EU) 2025/40.

## 10. Technical documentation and retention of supporting documents

- The technical documentation for the packaging has been prepared and is retained by the manufacturer.
- The technical documentation contains non-public supporting documents from suppliers of packaging materials, material specifications, test reports where applicable and internal conformity assessments.
- The documentation will be retained for the period required by legal regulations and will be presented to competent market surveillance authorities upon justified request.

## 11. Signature
