## Installation and controlling manual of EVOLVEO Salvarix Cameras

EN

Suitable for part.no: CAM OT1080P03C, CAM IN720P316, CAM IN720P312

You can manage cameras by EVOLVEO Salvarix application as full alarm solution or by Yoosee application suitable for cameras only.

Cameras CAM IN720P312 and CAM IN720P316 are suitable for indoor use only.

Camera CAM OT1080P03C can be used for indoor and outdoor use. Not recommend to install camera in area where can be impact of heavy rain. Ensure that LAN and power cables are safely protected against moisture e.g. in installation box with protection at least IP44.

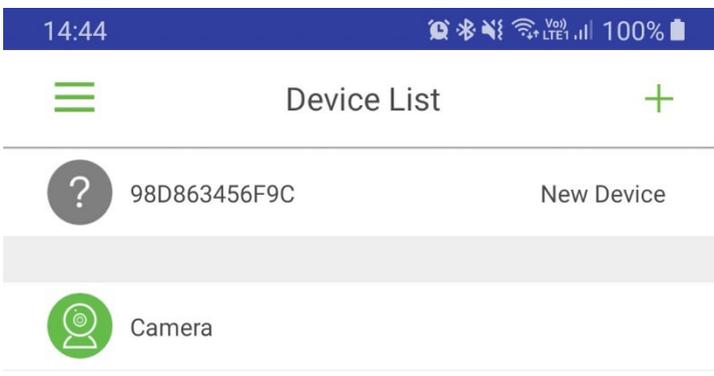

Cameras support MicroSD cards. Use hi-speed type with write speed at least Class 10.

Use original accessories to install the cameras.

### Login and registration

In EVOLVEO Salvarix application enter to “camera” menu.

Sign in to your account or create a new one.

## FAQ:

### Can't connect to WiFi

- Check if you are connecting to a 2.4GHz network
- Reset the camera by pressing the reset button for about 4 seconds and then try again
- Check the WiFi signal quality, keep the camera as close as possible to the router when pairing
- CAM OT1080P03C check the WiFi antenna connector
- CAM IN720P316 check the WiFi antenna connector, or install an external antenna for better reception of the WiFi signal

### The camera is not recording

- Check the status and functionality of the MicroSD card
- Check the recording settings

### Camera doesn't work

- Check that the adapter and LAN connector are connected correctly

### The camera is off-line

- Check the Internet status at the camera location
- Unplug the camera and reconnect it

### **Do you still need an advice after reading this guide?**

First read "Frequently Asked Questions" at [www.evolveo.com](http://www.evolveo.com) or contact the EVOLVEO technical support.

### **The warranty DOESN'T APPLY to:**

- Using the device for other purposes than it was designed to
- installation of another firmware than the one that was installed as the original from the factory or that is to be downloaded at <ftp://ftp.evolveo.com>
- mechanical damage of caused by inappropriate using
- damage caused by the natural elements as fire, water, static electricity, overvoltage and so on damage caused by unauthorized repair

- damage of the guarantee seal or unreadable serial number of the device

**Disposal:** The symbol of crossed out container on the product, in the literature or on the wrapping means that in the European Union all the electric and electronic products, batteries and accumulators must be placed into the separate salvage after finishing their lifetime. Do not throw these products into the unsorted municipal waste
