**Dear customer,
thank you for choosing the EVOLVEO SportLife MG8.
We believe they will bring a lot of fun and happiness.**

Putting into the operation

- Charge the earphone batteries fully via a microUSB cable connected to the USB port on your computer or the 230 V charger that you use for your mobile phone (5V / 0.5 ~ 1A). The LED will shine steadily red during charging and it will turn blue when charging is done.
- Make sure the earphones are fully charged and then turn them on by holding the centre  button for 2 seconds. You will hear the "Power On" voice message and the LED will flash blue.

Pairing (connection with the device)

- press and hold the  button for 4 seconds when the earphones are off (the LED will flash blue and red and you will hear a "pairing" voice notice).
- Activate the Bluetooth function in your

phone and select EVOLVEO SportLife MG8 from the available list.

- After pairing with your phone, you will hear the "Your device is connected" voice message and you can start listening to music.
- If there is no sound, increase the volume level on your phone and earphones.
- If you do not see your earphones in the device list, make sure they are in pairing mode and your mobile phone is visible to the surrounding Bluetooth devices.
- If a PIN code is required, enter the code "0000".
