2,8" IPS display  
SOS button  
Charging cradle  
2500 mAh battery with power bank

## EVOLVEO StrongPhone Z4

### Rugged phone with 2.8" IPS display

The rugged StrongPhone Z4 is the best choice for everyone who expect something more from their phone. Thanks to the rugged body with IP68 certification, large and easy-to-read 2.8" IPS LCD display, power bank function, SOS button or large 2 500mAh battery the phone is a universal solution when working in a workshop, on a construction site, in rough terrain, in freezing or hot and humid environments. The phone can handle water, mud, snow, dust and rough handling.

### Charging stand

To simplify the charging process, we have added a charging stand to this model to ensure easy charging without the need to connect a USB cable to the phone.

### 2 500mAh battery with power bank function

The 2 500mAh battery ensures operation of the phone for up to two weeks and can do something more. The rugged StrongPhone Z4 is equipped with a power bank function which allows you to use the battery capacity to charge your other devices.
